

Our mission is to bring an active and healthy lifestyle to Swiss offices. That is why we support companies such as ZKB, Siemens, EY and many more in the planning and implementation of various health measures for their employees. We are a dynamic team that is complemented by more than 20 coaches and speakers.

We are a sports company and have amazing coaches, but we are still looking for the right talents with technical skills to maintain and develop our digital platform. Therefore, we are looking for a

## Co-Founder and CTO – Full Stack Developer(a)

### This is how you will fit in with us

- You are a health-conscious and sports-loving person who enjoys working in a small, dynamic team
- You are characterized by a positive attitude, a lot of energy and a zest for life
- You are a doer type, you are independent, communicative and have a lot of drive
- You would like to take on responsibility from day one and help shape the successful future of VIABZ with us

### This is what you will do

- **Drive our future.** Further develop our platform and drive strategic development
- **Help us become a tech company.** Grow the tech-team and build the technical knowledge in-house
- **Build the framework for our data strategy.** Set up the platform in a way that we can base our next steps on data
- **Be a co-founder.** You must become a driving force and the right hand of the CEO. Your role will be crucial when we are raising capital.
- **Let's get funding.** Help us raise investor money with a compelling data-driven vision.

## What we look for in an applicant

- You want to be an entrepreneur and you are passionate about it
- You have already developed on your own products and best case, tried to bring them to market
- You have at least 2 -year hands-on experience in Full-Stack Web Development
- You develop, you love it, and you're good at it - you love challenges
- You feel comfortable in writing JavaScript, PHP or TypeScript code
- You have a good understanding of general software development principles
- You have good knowledge of React or any other similar framework
- You have experience in WordPress and WP plugin development
- The ability to perform all your tasks with good English - German is an advantage

## What we offer

- The opportunity to write our company history
- Responsible tasks right from the start. Your work will find its way directly to our customers
- A young, cool and dynamic team
- Short and uncomplicated decision-making processes
- A job in the heart of Zurich
- Flexible time management and remote work
- As many fitness classes as you can do 😊
